asked to be relieved of the Presidency. Mary Lou started in photography as a little kid, taking the family cameras on neighborhood photo safaris with her brother. She has been doing serious photography for about 25 years and is well known for her work in Denver photographic circles. She has been a member of ASP for 12 years, a member of Focus for about 20 years, and has served as a member of the Colorado Council of Camera Clubs. Although she will no longer serve as ASP President, Mary Lou will continue to do the Newsletter, and she and Jim will continue to organize the entries for the monthly ASP photo competitions.

Mary Lou did so much work that it will take two of us to replace her. Bill Bakke will serve as Vice President, and he has graciously offered to arrange program presentations for the ASP monthly meetings. Bill has been doing serious photography in the Denver area for over 50 years, and he has broad range of friends and associates to help him with finding program presenters. With some trepidation, I will serve as ASP President for 2009. Although I always dabbled in photography, it wasn't until after I retired and moved to Aurora in 1999 that I became serious about it.

I've been a member of ASP for three years, and have enjoyed the friendliness of its members and learned from the high quality of the photos entered in its competitions. I expect I'll learn a lot about what goes into the preparation for photo club meetings and competitions during the coming year, and I look forward to that. So, thank you Mary Lou for all you've done, and thank you Bill for what you will do.

Happy New Year and plentiful photo ops to all the members of ASP.
