Program for this Month

Since we have new members that have questions about digital cameras, printing and the club we will have an

“group discussion” on any subject matter, and everyone can participate in the answers and questions.

Peggy Dietz will be our judge. Peggy has had her work shown in several shows around the Denver metro area and photographs many different subjects.

Joe Shander will give a presentation on digital printing at the **April meeting**. There **will not** be competition that night so Joe will have ample time to demonstrate digital printing.

PRESIDENT'S MESSAGE

By Mary Lou Lane

Welcome to all the new members that join at the last meeting. I know you will find belonging to a photo club can be very beneficial. There were also others who attended and I hope they will also join the club.

The last Sunday of April (April 30) is Worldwide Pinhole Camera Day. Jim Stewart will bring some pinhole cameras and give a **brief description** of them and what is "pinhole" at the March meeting. *Working with Artists*, usually participates in this so we might join them or have our own "photo session" someplace in Aurora. We will have some handouts at the March meeting. *April 1st* in the Council's Year-End award ceremony and potluck. See all the information at the end of this newsletter.
